Prime Minister boosts efforts

Nineteen eight-year olds in the Grade three class of Mrs. Sammons at St. Albert Lacombe School have come up with a wonderful idea for their very own way to celebrate Canada's Centennial Anniversary.

They are going to learn everything they can about each of our ten provinces and the Territories of Yukon, Northwest Territories and Nunavut. Working in pairs they are busy writing to many places to get all the information they can, each pair being responsible for one Province. It's a rather large undertaking for eight-year olds boys and girls, but they are going full speed ahead in best Centennial spirit. They have written to tourist information centres across Canada and are now at work on letters to each of the Provincial premiers. The reply received from their letter to Prime Minister Pearson gave a big boost to everybody's morale.

The next step is for each student to get a pen pal from the Province he is working on, and this should be a lot of fun as well as a way of getting some scrapbook material.

ALL THIS AND A CONCERT TOO!

Work will go forward on the project from now until the latter part of May, when it will be completed before the final tests begin at school. Before the children are entering enthusiastic about their project, their parents with their Centennial plan, they have decided to have a concert for their moms and dads to finish up. On this occasion the parents will be treated to a program of skills, acted out by the boys and girls, to dramatize Canada's Provinces. And the finished Centennial scrapbooks will be proudly on view. There is nothing quite like the eagerness of a group of small people with an exciting goal to reach for. All they need is an understanding adult to point the way. This class of third-graders have Mrs. Sammons. We wish them all the best of luck as they work out their own part in our 100th Birthday Celebrations.

Lions attend "Appreciation Night"

A vote of thanks goes out to the St. Albert Lions who attended the "Appreciation Night" in honour of District Governor Art Stagliano, in Montville, Nov. 1966. A very good representation from St. Albert was there. In fact, there were Lions and their wives. The St. Albert Club also contributed to the entertainment by putting on the "Whistler" routine with Lions Willis, Gilley and Parker, giving their all. The District Governor, Art Stagliano, made his official visit to the St. Albert Club, December 6th, and met with the St. Albert executive following the regular meeting for the purpose of examining the operation of the club, UPCOMING EVENTS.

Lion Gordon says he has his "Wise Tasting Party" all planned for our December 20th meeting. Tentative plans call for the meeting to start at 8:00 p.m. All members (married ones) are to bring their wives. This will not be a supper meeting. There will be snacks laid on and the

main idea will be to taste the various wines. The cost will be no more per member than on a regular night.

Those planning to attend should pass \$20.00 to Lion Roy so that he may make reservations for you. UNTIL NEXT MEETING KEEP WARM.

Knights Prepare for Christmas Hampers

The St. Albert Knights of Columbus are busy preparing for the seven-cent committee for handling Catholic Hampers for Christmas.

Mr. Cliff Gallant and Mr. Don Labelle both of St. Albert together with Mr. Tony Whelan of Edmonton are the Knights in charge of this program for the month of December 22nd. Deliveries are made throughout Greater Edmonton and St. Albert.

It is a large undertaking, requiring considerable organization for such a wide area, but one which is particularly suited to the aims of the Knights and they enjoy it. The first task is to solicit and co-ordinate the donations of the many persons and organizations who like to help in this work which is so truly in the spirit of Christmas. The Knights, who handle a great many hampers, get excellent support from food suppliers so that cash donations provide the best possible value for money received. This type of donation also aids in assuring that the hampers are

Local Hunters Bag 8 Animals

Bill York, well-known St. Albert sportsman, Wayne and Lloyd Townsley, experienced hunters from Winterton district and Larry Mitchell of St. Albert, arrived home from a hunting trip last week with five moose and 3 deer. They left last Wednesday for the Whitecourt area, using a wheel-drive to cut a trail some 85 miles into the bush. Skidoos were used for hunting, with toboggans behind for loading game. Two of the fellas suffered frost bite riding the skidoos in the sub-zero temperatures, but they were warm and comfortable in a cabin overnight, having taken 25 pounds of baggies in with them. Larry and Lloyd returned home Sunday followed by Bill and Wayne on Monday of this week.

St. Albert Students Plan Tour of Expo

A ten day excursion to EXPO '67 And if all goes according to plan at least 44 St. Albert students along with 5 supervisors will be making such a trip.

Mr. John Hynes, Principal of Paul Kane High School, said students from grades 9 to 12 inclusive are eligible to go; the majority of students who have joined so far are from grade 9, and most are girls. Mr. Hynes added that the cost involved to the students is approximately \$75.00 for the train fare and a \$34.00 - camping fee, which covers all meals, tent accommodation and a pass into EXPO. Mr. D. Geddes, who teaches Social Studies at Paul Kane, is in charge of the arrangements. Mr. Geddes explained that the idea of sending students to EXPO originated at Elmhurst High School in Barrie, Ontario, as that school's Centennial Project. The idea spread and soon students from Coast to Coast were eager to join in.

The students will be camping on a 750 acre site just outside of Montreal. The Tent Town, which will be in operation from May until September, is capable of accommodating 10,000 students at any one time. Mr. Geddes said the St. Albert group's trip reservation has not yet been confirmed by the C.N.R., but the group is planning to leave July 24, 1967. When asked if the prospect of travelling across the country with 44 youngsters didn't terrify him, Mr. Geddes said "No, not at all." This is a pretty good group of kids," he added, "if we had hand picked them, we could not have come up with a better group." Mr. Geddes said the trip across the country will be a "great experience" for the students, who are all "very enthusiastic."

about the whole idea. Mr. Geddes said he felt that going through the Foreign Pavilions at EXPO would be "the next best thing to visiting all these different countries."

How fortunate our children are to be able to participate in an exciting program like this! Now fortunate we parents are that we have in our School District teachers willing and able to organize such a venture!

Active Squirettes get new Sweaters

The smiles of these members of the Squirettes of Mary, Marguerite of Yvonne Gille show the pride in their choice of sweaters which they have been planning to purchase for quite some time. Ordered in October they were received in November and are worn everywhere by the girls.

After their first Corporate Communion following the 9:30 mass which took place at the R. C. Parish, December 3rd,

they were guests of the Grey Nuns at the Yvonne Home. Following a delicious meal, they toured the two floors delightfully decorated for the

Christmas season, and the new wing which includes the almost completed chapel.

A Protest to the Centennial Committee

Dear Sirs,

I must protest the deliberate use of a Fair Lady, AFTER you made the decision to drop the Fair Lady Theme.

I had clearly stated to you that it could not be taken out of context, and that you were to vote for it, the theme or NONE of it. Mr. Gilley agreed with me.

I was informed that you had dropped the theme, and yet was amazed to find St. Albert's Fair Lady at the sod-turning ceremony.

I was unaware of the intention to publish the picture which appeared in last week's Gazette, which I'm sure looks like I pleasantly condoned the use of a Fair Lady. On the contrary, I was very confused with the actions of the Centennial Committee.

If I made a mistake in not speaking out at the time, and thus embarrassing Mrs. Hermans, then that is one mistake I am glad I made.

Mr. Gilley was considerate enough to tell me that I had not

patented the theme idea and that the Committee could use any part of it they wished to.

Mr. Gilley is right. Legally I cannot stop you, but under whatever code of ethics you operate, you must realize that such actions - taken AFTER your own public statement of dropping the theme - could only be unethical and unfair.

How could we take pride in "Alberta's Fair Lady" under such circumstances? It is true that I said I didn't object to your using a figurehead, providing it would not be the theme.

Mrs. Hermans is a lovely representative for St. Albert, and I hope the Committee will come up with an appropriate and ORIGINAL title for her.

I still sincerely feel that the Town of St. Albert has lost a very good promotional idea, but remember, gentlemen, the decision was yours.

Mona Sutherland.

Following are the new members of the Morinville Lions Club, and they bring the membership to 34. CHUCK GAGNE: Charles (Chuck) is an employee of the Royal Bank in Morinville. He has been with the Royal Bank since 1958. Chuck was born in Edmonton and was raised on a farm in Spruce Grove. He finished his high school in Stony Plain before joining the Royal Bank. He is living in Morinville now.

WILFRED LABONTE: Wilf is an old resident of Morinville, and is an ex-Lion. He had dropped out of the Club a few years ago, due to business reasons. Now, when the pressure of business has become light, Wilf felt he could take part in some public service activities of the Lions and decided to join the ranks of Lions again.

MUKHTIAR PURBA: Mukhtiar (Mike) was born and raised in Punjab, India. He went to the Punjab University and obtained his B.A., and Teaching Degree. He taught in his home province for a few years, then came to England. He carried on in his profession in England for two years and then came to Canada last summer. He is teaching in Legal now.

JAMES TREW: Jim is a farm boy from Cornwall, England. He went to the Nottingham University, and then taught in England for two years before coming to Canada last summer. He is teaching in Legal also. Jim is an ardent rugby player. He claims that rugby is the mother of North American football.

The Lions Club of Morinville welcomes these new members and feels that the cause of public service is going to be better served with the experience, knowledge, enthusiasm, and the service spirit of these new Lions in the Club. It is the first time that the Lions have some members from Legal, Morinville Lions Club is truly an international Club now, with members who have come from India, England and Trinidad.

Henry Iseke dies at 87

Henry Iseke, 87 years of age, a resident of the district since 1905, passed away at the Youville Home on Monday November 28th. Funeral services were held on Thursday at St. Albert, with Rev. Father J. LaFrance officiating. He was buried beside his late wife, in the church cemetery in St. Albert. Pallbearers were: Richard Brenneis, Pete, Bud and Joe Iseke, nephews Tony Krauskopf and Johnny Volmer. He is survived by three sons, Florian, Westock, Anthony and Joseph at Volmer, three daughters, Mrs. L. Katherine Myers, Helene Mrs. A. Geddie, Kruse, and Miss Caroline Iseke of Edmonton, nine grandchildren and 12 great-grandchildren.

Born in Chillicothe Missouri, Mr. Henry Iseke arrived in Alberta with his brother Frank in 1895. They arrived from Calgary to South Edmonton, by C.P.R. Then crossed the Saskatchewan River on foot to Edmonton. From there they walked in a December blizzard to two miles North of St. Albert, arriving at a friend's cabin at 10:00 p.m., two days before Christmas. Both Iseke brothers then took up land in the Volmer district.

In 1903 Mr. Henry Iseke married Miss Julia Jandke, the best man was the late Earl Steffen and the bridesmaid Miss Mary Stamper who later became Mrs. Pearl Steffen.

They homesteaded then developed a very successful farm, located two miles south of Volmer. The marriage was blessed with six children. Mrs. Iseke died November 20th, 1918.

Mr. Iseke continued to farm his land until 1959, when falling health forced him to enter Youville Home.

He has been a resident of the Youville Home for the past several years. He continued to be his same jovial self, despite the fact that he had been confined to a wheel chair for several years. He passed away peacefully after being confined to bed for a few weeks.

To Mrs. Kruse and his sons Tony and Joe, all residents of this district, we offer our sincere expression of sympathy, as we bid farewell to another pioneer of both St. Albert and Morinville districts.

Ed Meunier celebrate wedding anniversary

Mr. and Mrs. Edward Meunier celebrated their 40th wedding anniversary on November 18th, with nine of their children present, with an evening Anniversary Mass, celebrated by Rev. G. H. Primeau, followed by a reception at the Morinville Recreation Centre, for some 450 guests.

Master of Ceremonies for the evening was Mr. Ralph Brown. Congratulations and good wishes were expressed by Mayor Henry Ramsay, Rev. Father Primeau, and Mr. Arthur Soutar, of Morinville. Mr. Meunier also spoke briefly, thanking the relatives and friends for this special gathering and good wishes expressed to him and Mrs. Meunier.

Mrs. Meunier was presented with a lovely bouquet of red roses by her granddaughter, Mary Lynn Iseke. Rosaries were presented to both grandparents, on behalf of all their grandchildren by Charmaine Iseke and Monique Soutar. During Mass and at the reception, Mrs. Rachelle Bulger and Mr. Andre Meunier sang several selections.

For this occasion Mrs. Meunier chose a blue wool lace shawl with white trim, complemented with blue matching accessories and a corsage of Red Carnations.

The evening was spent dancing and visiting among relatives and friends which had been absent

from Morinville for many years. At lunch time, the honored couple were seated at a beautifully decorated table centred by a large white wedding cake, with a 40 year motif. Red Carnations and lighted tapers. They were accompanied by Mr. and Mrs. Richard Grant, Mr. Meunier's sister and her husband, Mr. Meunier and his bride of thirty years ago (Miss Valentine Bouscassault) were married in the same church, November 16, 1926, by the Rev. Monsignor Maxime Pilon. They had the unique experience of having the newly installed carillon, ring out at their wedding for the first time, after their installation two days previous.

Mr. and Mrs. Meunier were both born and raised in the St. John Baptist Parish, and farmed three miles west of town until 1941. Mr. and Mrs. Meunier and their eight children then moved to town and Mr. Meunier took employment during the war at Nanaimo Island where he worked for 10 years. Two more children, Rachelle and Bernard, were born after the family moved to the Town of Morinville.

For the last 15 years Mr. Meunier has been employed by the Town of Morinville. Today, he is the foreman of the Town.

All their children, Noel, Edmond, Bernard, Mrs. Stella Iseke, Mrs. Jeanne Maréchal, Mrs. Olive Iseke, Mrs. Constance Brenneis, Mrs. Elizabeth Soutar, and Mrs. Rachelle Bulger were present to celebrate with their parents. Rev. Sister Marie Paul Edward, (Carmelite) Fille de Jesus, stationed at Finch Creek was unable to attend, but a congratulatory message was received by her parents from her. Most of the 24 grandchildren were also present, as well as many other relatives.

The good wishes of many class mates of both Edward and

Edmond, as well as those of many friends are extended to the happy couple, for many years to come of enjoyment among grand children and relatives in the shadow of their parish church.

Douglas Point Nuclear Power Station Begins Operating

The reactor in the Douglas Point Nuclear Power Station went into operation today. The 200,000-kilowatt station, midway between Kincairdine and

Port Elgin on the eastern shore of Lake Huron, in Canada's first full-scale nuclear power plant. It was built by Atomic Energy of Canada Limited with the co-

operation of Ontario Hydro.

A chain reaction was achieved in the reactor at 4:28 p.m. This is the first step in bringing the station as a whole into service. The heat output of the reactor will be increased in steps until enough heat is produced to generate steam to drive the turbine. When these steps have been completed, the station will start to produce electricity and the output will be gradually increased to full power. Douglas Point will produce enough electricity from its single generator to supply a city the size of Ottawa.

The \$85 million station was designed by the Power Projects Group of Atomic Energy of Canada Limited in conjunction with Ontario Hydro, Ontario Hydro provided the 2,300-acre site and operates the station for AECL. The electricity produced will be sold to Ontario Hydro at the same rate Hydro pays for energy from interconnected systems. When the plant has proved itself a dependable generating unit, Ontario Hydro will buy it from AECL at a price calculated to make the cost of the energy produced equal to that from a comparable coal-burning station. The difference between this price and the cost of the station will be regarded as part of the national cost of developing commercial nuclear power.

Douglas Point is expected to produce power at about 6 mills per kilowatt hour. The Pickering Generating Station, a 1,000,000 kilowatt nuclear electric gener-

ating station being built 20 miles east of Toronto by Ontario Hydro is expected to produce power at about 4 mills. The design of the Pickering station is largely based on the Douglas Point design. The nuclear portion of Pickering is being designed by AECL Power Projects.

Douglas Point will be operated by a staff of 92. Construction at the site began in 1961 and at the peak of the work 500 men were employed. More than 600 Canadian manufacturing companies have supplied equipment and services for the plant.

The reactor in the Douglas Point station known as CANDU (Canadian Deuterium Uranium). It uses natural uranium for fuel and heavy water as the moderator and coolant. The CANDU reactor system has been developed by scientists and engineers of Atomic Energy of Canada Limited and is based on research work carried out at the Chalk River Nuclear Laboratories. Canada's first nuclear power station NPD (Nuclear Power Demonstration) has been in operation since 1962. This prototype heavy water station, at Rolphton, Ontario, on the Ottawa River, produces 20,000 kilowatts of electricity.

World interest in the CANDU system has already resulted in two export orders for Canadian-type nuclear power stations. The Rajasthan Atomic Power Project, practically a duplicate of Douglas Point, is being built in North West India by the Indian Department of Atomic Energy. AECL Power Projects is designing the nuclear steam generating portion of the Rajasthan station, and Montreal Engineering Company Limited is designing the conventional part. Canadian General Electric Company Limited is building a 137,000 kilowatt nuclear power station of similar design in Pakistan. A number of other countries including Finland, Yugoslavia, Italy and Japan have expressed interest in the Canadian type of reactor.
